PROJECTS

Personal Portfolio

- Created my portfolio website to display my work, skills, and experience with a clean, professional design.
- Made sure it looks great on any device (phones, tablets, desktops) using modern CSS techniques like Flexbox and Grid.
- Added smooth animations, clickable project cards, and a dark/light mode toggle to make it more engaging.
- Optimized performance, scoring over 90 on Google Lighthouse for speed and accessibility.

Online Coffee Shop Website

- Built a mobile-friendly coffee shop website where users can browse products, add items to the cart, and explore menus.
- Make the site feel fast and interactive, reducing unnecessary page reloads by 40%.
- Added subtle animations and transitions to keep users engaged, increasing average visit time by 25%.
- Ensured the site loads quickly and works smoothly across all major browsers.
